

## Thermal Hazards Symposium

### Call for Papers

A symposium on Thermal Hazard Evaluation will be held in conjunction with the Fall meeting of the North American Thermal Analysis Society (NATAS) to be held September 22–25, 1991 in Minneapolis, Minnesota, USA

The invited speakers for the symposium will be Dr. Tom Hoppe of Ciba-Geigy, Dr. Jimmie Oxley of the Center for Explosive Technology Research, and Dr. William and H. Fenlon of Eastman Kodak. Suggestions for topics of papers relating to the symposium are:

- Novel Applications of Thermal Analysis
- New Instruments
- Experimental Strategies
- Interesting Case Histories
- Calculational/Estimation Techniques
- Chemical Compatibility Determination
- Microcalorimetry
- Data Interpretation Techniques
- Vent Sizing from Thermal Experiments
- Reaction Calorimetry in Safe Process Design
- Scaling of Thermal Tests
- Stability Studies/Tests of Energetic Materials

Papers will be 20 minutes in length. If you prefer, a poster session is scheduled also. The titles and abstracts are due by May 1, 1991 and the optional short papers are due by July 1, 1991.
