

Colourful e-Products

This journal now offers the facility to publish your colour artwork on the internet at no additional cost -- regardless of whether the artwork appears in colour or black & white in print.

Authors should ensure that:

- the artwork is in an acceptable format (TIFF, EPS or MS Office application files) and at the correct resolution
- RGB colourspace is used
- for colour online and black & white in print, both colour and black & white artwork (file and/or hardcopy) is provided

Further information on electronic artwork:
