

Journal of Hazardous Materials

Aims and Scope

The *Journal of Hazardous Materials* publishes full length research papers, reviews, case studies and short communications which improve our understanding of the hazards and risks certain materials pose to people and the environment or deal with ways of controlling these hazards and associated risks. The Editors particularly welcome proposals for review articles. To limit the scope the following areas are excluded: work place health & safety and non-hazardous materials waste.

The Journal publishes high-impact contributions on:

- Characterization of the harmful effects of hazardous materials
- Impact assessment methods and models – acute and chronic effects of hazardous chemical releases
- Risk assessment and management
- Pollution control processes
- Inherently safer and cleaner technologies
- Treatment and disposal of solid, liquid and gaseous hazardous waste
- Remediation of contaminated soil and groundwater

Publication schedule and subscription information

Journal of Hazardous Materials (ISSN 0304-3894). For 2007 volumes 138–148 are scheduled for publication. Subscription prices are available upon request from the Publisher or from the Regional Sales Office nearest you or from this journal's website (<http://www.elsevier.com/locate/jhazmat>). Further information is available on this journal and other Elsevier Products through Elsevier's website (<http://www.elsevier.com>). Subscriptions are accepted on a prepaid basis only and are entered on a calendar year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Priority rates are available upon request. Claims for missing issues should be made within six months of the date of dispatch.

Orders, claims, and journal enquiries: please contact the Customer Service Department at the Regional Sales Office nearest you:
