

Upcoming Conferences and Meetings

The following upcoming conferences may be interesting for readers of the *Journal of Inclusion Phenomena and Macrocyclic Chemistry*. Please follow the link to the web pages for more detailed information. If you would like to announce a conference related to the topics incorporated in this journal, please send the necessary information to c.schalley@uni-bonn.de

Nanotech2005 (includes e.g. ion channels and molecular devices)
08 May 2005, Anaheim Convention Center, Anaheim, USA
<http://www.nsti.org/Nanotech2005/>

Molecular Crystal Engineering: Euroconference on Evaluations and Predictions of Solid State Materials Properties
10–15 June 2005, Helsinki, Finland
http://www.esf.org/esf_euresco_list.php?language=0&domain=1&year=2005

Materials Chemistry 7 (MC7)
5–8 July 2005, University of Edinburgh, UK
<http://www.rsc.org/lap/confs/mc7.htm>

ISMC 2005 – XXX. International Symposium on Macrocyclic Chemistry
17–21 July 2005, Dresden, Germany
<http://events.dechema.de/ISMC2005.html>

10th European Symposium on Organic Reactivity (ESOR 10) (includes Supramolecular Chemistry)
26 July 2005, University 'La Sapienza', Roma, Italy
http://w3.uniroma1.it/esor_10/index.htm

Frontiers in Catalysis (includes a section on organocatalysis)
08 September 2005, Hotel Silvanus, Visegrad, Hungary
<http://frontiers.elte.hu/>

ESF Research Conference “Supramolecular Chemistry” – Molecular Architecture and Systems
14 – 19 October 2005, Obernai (near Strasbourg/France)
<http://www.esf.org/conferences/pc05020>

Xth International Seminar on Inclusion Compounds (ISIC–10)
19 – 23 September 2005, Kazan/Russia
<http://www.ISIC10.knc.ru>

Christoph A. Schalley
Kekulé-Institut für Organische Chemie und Biochemie der Universität Bonn
c.schalley@uni-bonn.de
