

INTERNATIONAL ATOMIC ENERGY AGENCY
AGENCE INTERNATIONALE DE L'ENERGIE ATOMIQUE

announcement of a symposium

<u>Title</u> :	Radioimmunoassay and Related Procedures in Clinical Medi- cine and Research
<u>Date</u> :	4 - 8 June 1973 (subject to confirmation)
<u>Location</u> :	Istanbul, Turkey (subject to confirmation)
<u>Organizers</u> :	International Atomic Energy Agency, Kärntner Ring 11-13, A-1010 Vienna, Austria
<u>Scientific Secretaries</u> :	Dr. E.J. Garcia and Dr. E.H. Belcher Medical Applications Section

The programme of this Symposium, the second to be organized by the International Atomic Energy Agency in the subject field, will cover all aspects of radioimmunoassay and related procedures and their applications. Particular attention will be given to the in vitro determination of substances of clinical interest such as hormones, vitamins and drugs. Sections of the programme will be devoted to recently developed techniques for the detection of tumour, viral and bacterial antigens, and to assays employing labelled antibodies and naturally occurring specific receptors.

Further information, participation forms and forms for submission of a paper intended for presentation at the Symposium will be obtainable from national authorities for atomic energy matters. Abstracts of such papers must be submitted to the International Atomic Energy Agency through these authorities.
