

## ANNOUNCEMENT

### RADIOPHARMACEUTICAL DOSIMETRY SYMPOSIUM

sponsored by

Radiopharmaceutical Internal Dosimetry Information Center  
Oak Ridge Associated Universities

cosponsors

U.S. Department of Energy  
U.S. Food and Drug Administration-Bureau of Drugs  
U.S. Food and Drug Administration-Bureau of Radiological Health

October 7-10, 1980

Oak Ridge, Tennessee

#### ANNOUNCEMENT AND CALL FOR ABSTRACTS

The third Oak Ridge Symposium on Radiopharmaceutical Dosimetry is to be held October 7-10, 1980, at the American Museum of Science and Energy, Oak Ridge, Tennessee. This symposium which follows successful symposia held in 1969 and 1976 will focus on questions related to obtaining the biologic information needed to improve radiation dose estimates. Topics will include radiopharmaceutical kinetic and retention data; data collection; and extrapolation of animal data to humans.

Invited speakers will present comprehensive papers on various aspects of data collection as it pertains to internal dosimetry. The Program Committee also solicits abstracts from interested scientists.

Abstracts should not exceed 250 words. The title, authors, and institutional affiliations should be included at the top of the page. The name of the author presenting the paper must be underlined. Abstracts should contain a statement of purpose, results, and conclusions.

Original abstracts and two copies should be sent to:

Roger Cloutier  
Program Committee  
Symposium on Radiopharmaceutical Dosimetry  
Oak Ridge Associated Universities  
P.O. Box 117  
Oak Ridge, Tennessee 37830

Abstracts must be received by June 28, 1980.
