The following article from **Journal of Labelled Compounds and Radiopharmaceuticals**, entitled 'Radiosynthesis and biological evaluation of  $^{11}\text{C}$ -labeled aryl anandamide analogues for *in vivo* evaluation of brain fatty acid amide hydrolase' by L. Wyffels *et al.*, published online on 20 June 2010 in Wiley InterScience ([www.interscience.wiley.com](http://www.interscience.wiley.com)), has been retracted by agreement between the authors, the journal Editor in Chief, Dr Ken Lawrie, and John Wiley & Sons Ltd. The retraction has been agreed as a similar version of the article has already been published in another journal (Wyffels *et al.* *J. Med. Chem.* (2009), 52, 4613-4622).
