ERRATA

"Recognition of Artifacts Occurring in TLC," N. Grinberg, G. Bicker, P. Tway, J. A. Balano, *J. Liquid Chrom.*, 11(15): 3183 - 3204 (1988).

Bottom of page 3197 & beginning of page 3199:

The inclusion of a guest molecule will take place in the following manner: the guest will associate with the interior of the basket, while the hydrophilic portion will interact with the secondary hydroxyl groups located on the rim of the cyclodextrin basket.

should read:

The inclusion of a guest molecule will take place in the following manner: the guest will associate with the interior of the basket through its hydrophobic portion while the hydrophilic groups will interact with the secondary hydroxyl groups located on the rim of the, cyclodextrin basket.
