Available online 8 August 2005

Based on the time-optimal realization of trilinear coupling terms, an efficient indirect SWAP operation was implemented. However, the given realization of the indirect SWAP operation is not necessarily time-optimal; c.f. erratum to Ref. [3]; Phys. Rev. A 71, 039906(E) (2005). This correction does not affect any of the other results given in the paper.
