

ANNOUNCEMENT

Important announcement for all authors submitting papers for publication in the *Journal of Materials Science: Materials in Medicine*.

From February 1996 all authors are requested to submit articles to a new address as follows:

Professor W Bonfield
Journal of Materials Science: Materials in Medicine
Chapman & Hall
2-6 Boundary Row
London
SE1 8HN

Following the continuing increase in the number of papers submitted to the *Journal of Materials Science: Materials in Medicine*, and the recent development of making the journal electronically available on the Internet, it has become desirable to centralize the administration of the journal at the publisher's offices. Professor Bonfield, as Editor of the journal, will continue to take responsibility for the peer reviewing of all submitted papers and the change of submission address is to optimise administrative processing. The availability of the *Journal of Materials Science: Materials in Medicine* on Chapman & Hall's fileserver via the Internet during 1996 will be facilitated by this change. It is expected that the new arrangements will have a positive impact on the further development of electronic publication.
