

Errata

Vol. III, No. 2

p. 117. The formulas (XVIII) and (XIX) are in error. Hofer and Mayer (*Helv. chin. acta*, **43**, 1496 (1960)) presented a partial formula for cinobufotalin and ruled out the possibility of its being an analogue of digoxigenin. The comparison between desacetyl cinobufotalin and digoxigenin (p. 121, par. 3) therefore does not apply.

p. 238. In the 4th and 5th lines of 'Pharmacology' read 18-20 sec and 3-5 sec, respectively.

p. 239. In the caption to Table III, delete (sodium rutin = 1).
