Page 3836. In Figure 1 the structures of NMDA and IBO were shown incorrectly. They should appear as follows:

Pages 3840 and 3841. In Figures 7a and 8a were erroneously shown *N*-methyl-D-glutamate and its L-isomer, respectively, instead of *N*-methyl-D-aspartate (NMDA) and *N*-methyl-L-aspartate (NMLA), which were discussed in the article. These figures should be the following:
