

## Additions and Corrections

---

2004, Volume 47

**Subramaniam Ananthan,\* Naveen K. Khare, Surendra K. Saini, Laine E. Seitz, Jeffrey L. Bartlett, Peg Davis, Christina M. Dersch, Frank Porreca, Richard B. Rothman, and Edward J. Bilsky:** Identification of Opioid Ligands Possessing Mixed  $\mu$  Agonist/ $\delta$  Antagonist Activity among Pyridomorphinans Derived from Naloxone, Oxymorphone, and Hydromorphone.

Page 1400. "Hydromorphone" in the title was misspelled. The correct title is shown above.

**Bruce E. Maryanoff:** Inhibitors of Serine Proteases as Potential Therapeutic Agents: The Road from Thrombin to Trypsin to Cathepsin G.

Page 783. The caption to Figure 16 is missing the descriptive labels for each curve. The correct caption is the following:

**Figure 16.** Response of **17f** in the allergen-sensitized sheep model of asthma (filled squares) vs control (filled circles).<sup>55</sup> Protocol: 0.1 mg/kg of **17f** was administered by aerosol twice daily for 3 days and then at 0.5 h before day 4, when the allergen *Ascaris suum* was delivered.
