

Additions and Corrections

2007, Volume 50

Ayako Kimata, Hidehiko Nakagawa,* Ryo Ohyama, Tomoko Fukuuchi, Shigeru Ohta, Katsumi Doh-ura, Takayoshi Suzuki, and Naoki Miyata*: New Series of Antiprion Compounds: Pyrazolone Derivatives Have the Potent Activity of Inhibiting Protease-Resistant Prion Protein Accumulation.

Page 5053. The listing of the authors and affiliations is incomplete. Coauthor Katsumi Doh-ura should be between coauthors Shigeru Ohta and Takayoshi Suzuki in the author list; the correct author listing is as shown above. The “Graduate School of Medicine, Tohoku University, 2-1 Seiryō-cho, Aoba-ku, Sendai 980-8575, Japan” should be added as the second to last of the affiliations.

Page 5056. As a result of the corrections on page 5053, in the Acknowledgment the sentence “We thank Dr. K. Doh-ura for kindly providing ScN2a and F3 cell lines for us” should be deleted.
