

## Publisher's Note

The Publisher would like to announce the retirement of Prof. Francisco Zaera and Prof. Jean-Marie Basset from the Board of Editors.

Prof. Zaera joined the board in 1998. In addition to handling many regular papers, he edited the Proceedings of the Second San Luis Conference on Surface Science and Catalysis (Vol. 167, Nos. 1–2) and was instrumental in increasing the Journal's presence in North America.

Prof. Basset joined the board in 1994. He handled regular papers and edited many special issues, most recently the Special Issue of the 10th International Symposium on Relations between Homogeneous and Heterogeneous Catalysis (Vols. 182–183) and a special issue devoted to the topic of Asymmetric Organometallic Catalysis (Vol. 196, Nos. 1–2). We look forward to continuing our collaboration with Prof. Basset, who will remain on the Journal's editorial board.

We would like to thank both Prof. Zaera and Prof. Basset sincerely for their contribution to *Journal of Molecular Catalysis A: Chemical* over the past years, in terms of both their editorial work and advising the development of the Journal. We wish them well with all their future endeavors.
