ARTICLE INFO

Article history:

Received 29 March 2010

Accepted 30 March 2010

Available online 28 April 2010

The authors would like to bring to the attention of readers the following:

Fig. 3 that represents the computed structure of antibody 7A3, with its estradiol antigen was established by molecular modelling, after determination of the sequence of antibody 7A3, by Dr. Elodie Girgenti (E. Girgenti, PhD thesis, University Paris 11, 2003; E. Girgenti et al., manuscript in preparation).
