

## Contents Volume 1

VOL. 1 NO. 1, 4 DECEMBER 1995

Send-off for a New Journal ..... v

### Letter

Effect of heat treatment on enzymes entrapped into polymer gels [B6]  
M. Kumakura (Yamanashi, Japan) ..... LI

### Articles

- Purification and characterization of a thermophilic alkaline xylanase from thermoalkaliphilic *Bacillus* sp. strain TAR-1 [B2]  
S. Nakamura, Y. Ishiguro, R. Nakai, K. Wakabayashi, R. Aono and K. Horikoshi (Yokohama, Japan) ..... 7
- Enantioselectivity-promoting factor in enzyme-mediated asymmetric hydrolysis of enol esters [B1]  
K. Matsumoto, H. Kitajima (Fukui, Japan) and T. Nakata (Saitama, Japan) ..... 17
- Study of the stabilization of pure lipases: comparison of two different lipase-microgel derivatives [B5]  
C. Otero, L. Robledo and A.R. Alcantara (Madrid, Spain) ..... 23
- Chemo-enzymatic epoxidation of unsaturated carboxylic acids [B3]  
S. Warwel and M.R.g. Klaas (Münster, Germany) ..... 29
- A new enzymatic method for glycolaldehyde production from ethylene glycol [B7]  
K. Isobe (Aichi, Japan) and H. Nishise (Hyogo, Japan) ..... 37

VOL. 1 NO. 2, 4 APRIL 1996

### Articles

- Large-scale production of chiral alcohols with bakers' yeast [MB13]  
T. Kometani, H. Yoshii (Toyama, Japan) and R. Matsuno (Kyoto, Japan) ..... 45
- Zeolites as supports for enzymatic hydrolysis reactions. Comparative study of several zeolites [MB12]  
A.P.V. Gonçalves, J.M. Lopes, F. Lemos, F.R. Ribeiro, D.M.F. Prazeres, J.M.S. Cabral and M.R. Aires-Barros (Lisbon Codex, Portugal) ..... 53
- Prevalence of steric restrictions in enzymatic nitrile-hydrolysis of a preparation from *Rhodococcus* sp. 409 [MB9]  
H.P. Deigner, C. Blencowe and C.E. Freyberg (Heidelberg, Germany) ..... 61
- Penicillin acylase-catalyzed synthesis of pivampicillin: Effect of reaction variables and organic cosolvents [MB8]  
M.G. Kim and S.B. Lee (Pohang, South Korea) ..... 71

VOL. 1 NO. 3–4, 4 JUNE 1996

### Articles

#### *Chemical and Metal Complex Catalysis*

- Preface ..... 81
- Study of fumarase activity in non-conventional media. Part II [M15]  
E. Cernia, R. Libori, W. Marconi and S. Soro (Rome, Italy) ..... 89

Biotransformation of organic sulfides. Part 9. Formation of ( <i>S</i> ) <i>para</i> -substituted phenyl methyl sulfoxides by biotransformation using <i>Helminthosporium</i> species NRRL 4671 [M16]	
H.L. Holland , M.J. Bornmann and G. Lakshmaiah (Ontario, Canada) .....	97
Protease induced novel ring contraction reaction of 1,3-oxazin-4-one derivatives <sup>1</sup> [M17]	
L.K. Bajpai and A.P. Bhaduri (Lucknow, India) .....	103
Lipase-catalysed ammoniolysis of lipids. A facile synthesis of fatty acid amides [M11]	
M.C. De Zoete, A.C. Kock-van Dalen, F. Van Rantwijk and R.A. Sheldon (Delft, Netherlands) .....	109
Efficient kinetic resolution of 2-benzenesulfonylcyclopentanone derivatives [M18]	
A.R. Maguire , L.L. Kelleher (Cork, Ireland) and G. Ferguson (Guelph, Ontario, Canada) .....	115
Oxidative biotransformations by microorganisms: production of chiral synthons by cyclopentanone monooxygenase from <i>Pseudomonas</i> sp. NCIMB 9872 [M19]	
M.T. Bes , R. Villa , S.M. Roberts , P.W.H. Wan and A. Willetts (Exeter, Devon, UK) .....	127
Preparation of both enantiomers of methyl 3-benzoyloxypentanoate by enzyme-catalysed hydrolysis of corresponding racemic nitrile and amide [M20]	
M. Yokoyama, N. Imai, T. Sugai and H. Ohta (Yokohama, Japan) .....	135
Lamb pregastric enzyme-catalysed hydrolysis of 4-nitrophenylalkanoates and monoacid triglycerides [M25]	
C.J. O'Connor , D.T. Lai and R.H. Barton (Auckland, New Zealand) .....	143
Stereoselective synthesis of opine-type secondary amine carboxylic acids by a new enzyme opine dehydrogenase Use of recombinant enzymes [M10]	
Y. Kato, H. Yamada and Y. Asano (Toyama, Japan) .....	151
Enzymatic synthesis of 2-amino-3-hydroxy-1,6-hexanedicarboxylic acid using serinehydroxymethyltransferase [M21]	
M.J. Miller and S.K. Richardson (Notre Dame, IN, USA) .....	161
<i>n</i> -Octyl $\beta$ - <i>D</i> -glucoside synthesis through $\beta$ -glucosidase catalyzed condensation of glucose and <i>n</i> -octanol in a heterogeneous system with high glucose concentration [M14]	
C. Panintrarux, S. Adachi and R. Matsuno (Kyoto, Japan) .....	165
Regiospecific hydroxylation of 3-(methylaminomethyl)pyridine to 5-(methylaminomethyl)-2(1 <i>H</i> )-pyridinone by <i>Arthrobacter ureafaciens</i> [M22]	
T. Ishikawa , K. Maeda, K. Hayakawa and T. Kojima (Kanagawa, Japan) .....	173
Effect of organic solvents on penicillin acylase-catalyzed reactions: interaction of organic solvents with enzymes [M28]	
M.G. Kim and S.B. Lee (Pohang, South Korea) .....	181
Effect of a charged residue at the 213th site of thermolysin on the enzymatic activity [M]	
Y. Mikia , S. Kidokoro , K. Endo , A. Wada , T. Yoneya , A. Aoyama , K. Kai , T. Miyake and H. Nagao (Kanagawa, Japan) .....	191
Penicillin acylase-catalyzed synthesis of $\beta$ -lactam antibiotics in water-methanol mixtures: effect of cosolvent content and chemical nature of substrate on reaction rates and yields [M30]	
M.G. Kim and S.B. Lee (Pohang, South Korea) .....	201
Conference report .....	213
Announcement .....	217
Author Index .....	219
Subject Index .....	221
Contents Volume I .....	225
