Received 9 July 1990

ERRATA

For the paper by Sekine and Brossi entitled "Expedient Synthesis of (*S*)- and (*R*)-Norcoclaurine from (*S*)- and (*R*)-Armepavine Prepared by the 1-Phenylethylurea Method," *J. Nat. Prod.*, **53**, 533 (1990), the authors have requested the following corrections:

The name of the title compound armepavine should be changed to norarmepavine. Names associated with formulas [3], [3a], and [3b] mentioned in this paper and referred to in the title are (\pm)-norarmepavine, (-)-norarmepavine, and (+)-norarmepavine, respectively, which were erroneously named as the corresponding armepavines.

For the paper by Suri *et al.* entitled "An *ent*-Seco-atisane Sekelton Diterpene from a Natural Source, Rhizomes of *Euphorbia acaulis*," *J. Nat. Prod.*, **53**, 470 (1990), the authors request the following corrections:

In the listing of authors T. Tsunehiro and Y. Fumiko should be T. Takano and F. Yamada, respectively.
