## ERRATUM

For the paper by Su *et al.* entitled "Lobocalone: a Novel Secondary Metabolite from the Soft Coral *Lobophytum caledonense*," *J. Nat. Prod.*, **56**, 279 (1993), the title compound is not novel. It has been reported previously by Gopichand and Schmitz, *Tetrahedron Lett.*, 3641 (1978). The authors accordingly wish to withdraw the name "lobocalone" from the literature.
