

# Additions and Corrections

2006, Volume 69

**Soyoung Kim, Young-Won Chin, Bao-Ning Su, Soedarsono Riswan, Leonardus B. S. Kardono, Johar J. Afriastini, Heebyung Chai, Norman R. Farnsworth, Geoffrey A. Cordell, Steven M. Swanson, and A. Douglas Kinghorn\*:**  
Cytotoxic Flavaglines and Bisamides from *Aglaia edulis*.

Pages 1770: Structures for **8** and **9** should be corrected as shown.

**8** H-3 $\beta$ , H-4 $\alpha$   
**9** H-3 $\alpha$ , H-4 $\beta$

Page 1771: In the structure elucidation description for **8**, “The relative configurations at C-3 and C-4 were determined, in turn, as H-3 $\alpha$  and H-4 $\beta$ ” should be corrected to “The relative configurations at C-3 and C-4 were determined, in turn, as H-3 $\beta$  and H-4 $\alpha$ ”.

In the structure elucidation description for **9**, “the assignments at C-3 and C-4 of compound **9** as being H-3 $\beta$  and H-4 $\alpha$ , respectively” should be corrected to “the assignments at C-3 and C-4 of compound **9** as being H-3 $\alpha$  and H-4 $\beta$ , respectively”.

The authors apologize for any inconvenience caused by these errors.
