

# Additions and Corrections

2004, Volume 67

**Attila Hunyadi, Gábor Tóth, András Simon, Marianna Mák, Zoltán Kele, Imre Máthé, and Mária Báthori\***: Two New Ecdysteroids from *Serratula wolffii*.

Page 1070: The authors are reporting a correction to the structure of herkesterone. The correct structure of this compound is shown below. It can be seen that instead of the “S” configuration of C-22, as previously published, the configuration of this carbon atom is “R”.
