

2009, Volume 72

Silvia Aquila, Zhi-Ying Weng, Yue-Qin Zeng, Han-Dong Sun,* and José Luis Ríos*: Inhibition of NF- κ B Activation and iNOS Induction by *ent*-Kaurane Diterpenoids in LPS-Stimulated RAW264.7 Murine Macrophages.

Page 1269: The structures of compounds 1–4 were drawn with incorrect stereochemistry at C-20. The chemical bonds between C-20 and O-7 and C-20 and O-14 should be changed, and the structures should be corrected as shown. The authors apologize for the inconvenience.
