Page 5696, right column, line 7. The following sentence should have been added after the period: "The use of iodine in methanol is a simple and mild method for the selective deprotection of *p*-methoxybenzyl ethers. (Vaino, A. R.; Szarek, W. A. *Synlett* **1995**, 1157–1158.)" We have inadvertently omitted this paper in our reference citations.
