

Kyoo-Hyun Chung,* Hyung Goo Lee, In-Young Choi, and Jong-Ryoo Choi. Investigation of Elimination Reactions of 7-Oxabicyclo[2.2.1]heptane-2-carboxylates

Page 5937, Table 2. The relative stereochemistry of the bicycloheptanes **4a,b** and cyclohexenes **5a,b** was depicted incorrectly. The correct relative stereochemistry of these compounds is shown below.

Page 5938. The correct name of **4a** is **Methyl 2-endo-3-exo-methoxymethoxymethyl-7-oxabicyclo[2.2.1]heptane-2-carboxylate**.

Page 5939. The correct name of **5a** is **Methyl cis-5-hydroxy-6-(methoxymethoxymethyl)cyclohex-1-enecarboxylate**.

Page 5939. The correct name of **5b** is **Methyl cis-5-hydroxy-6-(tert-butyltrimethylsilyloxymethyl)cyclohex-1-enecarboxylate**.
