

**Carolyn Selenski and Thomas R. R. Pettus\*** Enantioselective [4 + 2] Cycloadditions of *o*-Quinone Methides: Total Synthesis of (+)-Mimosifoliol and Formal Synthesis of (+)-Tolterodine.

Page 9196. The structure of (+)-*R*-tolterodine (**1**) shown in the Table of Contents graphic is missing a double bond due to a processing error. The structure was corrected on the Web on January 28, 2005. The correct Table of Contents graphic is shown below.
