

**Felix M. Geisler and Günter Helmchen\***. Chiral Phosphino-oxazolines with a Pentamethylferrocene Backbone—Synthesis and Use as Ligands in Asymmetric Catalysis.

Page 2492. The following statement should be added to the Acknowledgment: “The ligand **L2** was previously prepared by Oliver Meyer via a similar route as described by us (Meyer, O. Ph.D. Dissertation, Universität Heidelberg, Heidelberg, 2003) during a sojourn in the laboratories of Professor Gregory Fu (MIT, Cambridge). We thank Prof. Fu for his generous support of this work.”
