

Correction to Preparation of α,β -Unsaturated Diazoketones Employing a Horner–Wadsworth–Emmons Reagent

[*The Journal of Organic Chemistry* 2011, 76, 289. DOI: 10.1021/jo1021844]. Vagner D. Pinho, and Antonio C. B. Burtoloso*

Page 291 and SI pages 6 and 14. ^{13}C NMR data and spectra for compound **1** were incorrectly added and belong to another compound. The correct data and spectra are as follows.

3-Diazo-2-oxopropylphosphonate (**1**): ^{13}C NMR (50 MHz, CDCl_3) δ 184.5, 62.8 (d, $^2J_{\text{C,P}} = 6.2$ Hz), 56.5, 41.5–38.9 (d, $^1J_{\text{C,P}} = 128$ Hz), 16.2 (d, $^3J_{\text{C,P}} = 6.0$ Hz).
