

## Correction to Kinetic and Mechanistic Insight into the Thermodynamic Degradation of Saxagliptin

G. Scott Jones,\* Scott A. Savage, Sabrina Ivy, Patrick L. Benitez, and Antonio Ramirez

*J. Org. Chem.* **2011**, *76*, 10332. DOI: 10.1021/jo202052a.

Pages 10335–10336. Because of a systematic error in nomenclature, the names of compounds **2**, **3**, and **4** should not read as currently written in the Experimental Section. In accordance with their CAS Registry chemical nomenclature, they should read as follows: (1*aS*,4*S*,6*aS*,7*aS*)-6-amino-1,1*a*,4,6*a*,7,7*a*-hexahydro-4-(3-hydroxytricyclo[3.3.1.1<sup>3,7</sup>]dec-1-yl)-3*H*-cyclopropa[4,5]pyrrolo[1,2-*a*]pyrazin-3-one (**2**); (1*aS*,4*S*,6*aR*,7*aS*)-6-amino-1,1*a*,4,6*a*,7,7*a*-hexahydro-4-(3-hydroxytricyclo[3.3.1.1<sup>3,7</sup>]dec-1-yl)-3*H*-cyclopropa[4,5]pyrrolo[1,2-*a*]pyrazin-3-one (**3**); and (1*aS*,4*S*,6*aR*,7*aS*)-hexahydro-4-(3-hydroxytricyclo[3.3.1.1<sup>3,7</sup>]dec-1-yl)-1*H*-cyclopropa[4,5]pyrrolo[1,2-*a*]pyrazine-3,6-dione (**4**). This error does not appear in the Supporting Information.
