

Correction to Internally versus Externally Solvated Derivatives of Doubly Bridged 1,4-Dilithio-2-butene: Structures and Dynamic Behavior. A "T" Shaped Dimeric Cluster in the Solid State

Gideon Fraenkel,* Xiao Chen, Albert Chow, and Judith Gallucci

J. Org. Chem. **2013**, 78(3), 1149–1156. DOI: 10.1021/jo302439t

The NSF grant number needs to be included in the Acknowledgment. The Acknowledgment should read as follows:

"This research was generously supported by the National Science Foundation, Grant No. 1058035, and by the M. S. Newman Chair of Chemistry. This article is dedicated to the memory of Dr. Charles Cottrell."
