

Correction to “Carbohydrate Receptors Combining Both a Macrocyclic Building Block and Flexible Side Arms as Recognition Units: Design, Syntheses, and Binding Studies”

Jan Lippe and Monika Mazik*

J. Org. Chem. **2015**, *80* (3), 1427–1439. DOI: 10.1021/jo502335u

Reference 14 should be corrected as shown below:

(14) For examples of other macrocyclic carbohydrate receptors bearing pyrrole-based bridges, see: (a) Joshi, G.; Davis, A. P. *Org. Biomol. Chem.* **2012**, *10*, 5760–5763.
