The footnotes in Table 4 were mixed up in the published paper. Footnote *b* should appear next to “dr” in columns 5 and 10, and footnote *c* should appear in row 9, column 5 (19°).

Page 5501, right column. In the section “Synthesis of (*Z*)-1j”, line 4, “...the dienyne ester S5b...” should be “...the enyne ester S12...”.

Page 5502, left column, first paragraph. The dienyne ester S5b, which is presented within the scheme demonstrating the reaction steps for the synthesis (*Z*)-1j, should be replaced with the following enyne ester structure S12:
