## Erratum

---

**Metal clusters in catalysis. The reactivity of alkyne- and vinylidene-substituted homo- and hetero-metallic clusters towards molecular hydrogen in homogeneous conditions;** by M. Castiglioni, R. Giordano and E. Sappa (*J. Organomet. Chem.*, 258 (1983) 217–234)

Page 231, line 5 should read:

case for cluster 4. A possible explanation of this behaviour might be that when

Page 233, line 3 of Conclusive remarks should read:

selectivities different from those observed for alkynes bound to bimetallic derivatives.
