XIII International Conference on Organometallic Chemistry

The second circular is now available for the above conference, which will be held in Turin, Italy, on 4–9 September 1988. Topics to be covered will include reactions in solution, solid state state properties, and organometallic catalysis.

Copies of the circular may be obtained from:

Professor L. Milone

Istituto di Chimica Generale ed Inorganica,

Facoltà di Farmacia,

Università di Torino

via P. Guiria 9

10125 Torino (Italy)

XI International Conference on Phosphorus Chemistry

The conference will be held in Tallinn (Estonia, USSR) on 3–8 July 1989. Details are available from

Prof. M. Veiderma

Chairman of the XI ICPC,

Technical University,

5 Ehitajata,

Tallinn, Estonian SSR 200108 (USSR)
