

Publisher's note

The review on "Complexes of lanthanoids with neutral π donor ligands" by G.B. Deacon and Q. Shen was published in the *Journal of Organometallic Chemistry* 506 (1996) 1–17.

Unfortunately, it carries some significant mistakes which necessitate reprinting the paper. We duly apologize to the authors of the review and to the readers of the journal for this occurrence. The present version has been amended and corrected by the authors. It should replace the version published in Volume 506 in the bibliographic lists.
