

## Erratum

## Erratum to “Cationic half-sandwich complexes (Rh, Ir, Ru) containing 2-substituted-1,8-naphthyridine chelating ligands: Syntheses, X-ray structure analyses and spectroscopic studies” [J. Organomet. Chem. 693 (18) (2008) 3049–3056]

Kota Thirumala Prasad<sup>a</sup>, Bruno Therrien<sup>b</sup>, Kollipara Mohan Rao<sup>a,\*</sup>

<sup>a</sup> Department of Chemistry, North Eastern Hill University, Shillong 793 022, India

<sup>b</sup> Institut de Chimie, Université de Neuchâtel, Case Postale 158, CH-2009 Neuchâtel, Switzerland

In the published paper, on page 3054, the structures were linked to the wrong figure legends. The structures shown as Fig. 4 should have the legend “ORTEP diagram of cations **2** (left) and **5** (right) at 50% probability level with anion and H atoms being

omitted for clarity.” The structure shown as Fig. 5 should have the legend “Hydrogen-bonded network observed in [1]Cl · 3H<sub>2</sub>O with H–Cl distances.”

The correct arrangement is shown below:

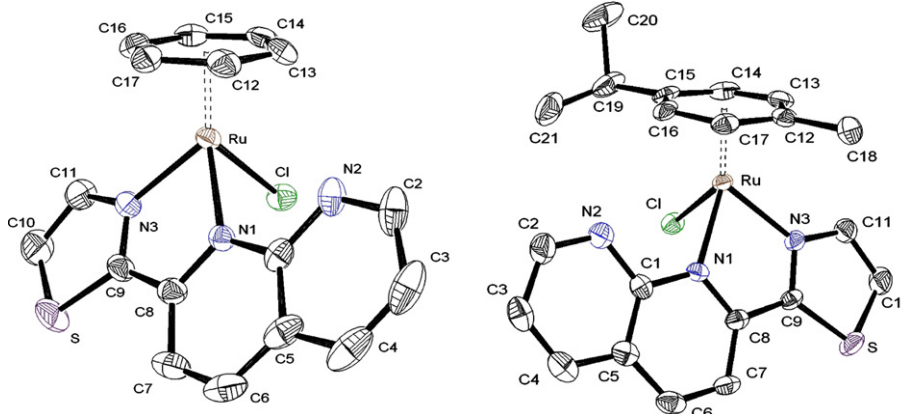

Fig. 4. ORTEP diagram of cations **2** (left) and **5** (right) at 50% probability level with anion and H atoms being omitted for clarity.

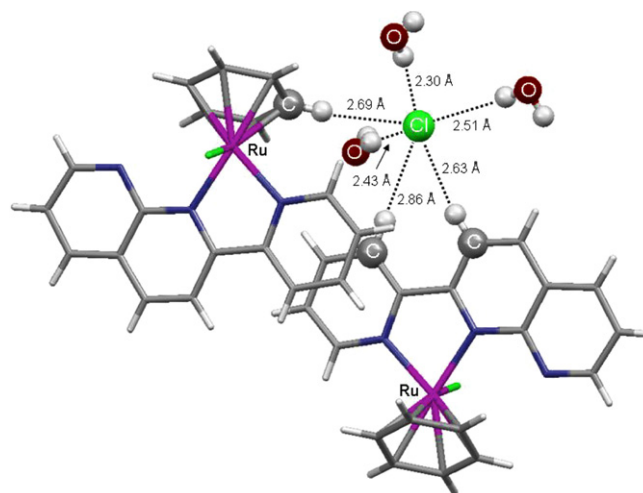

Fig. 5. Hydrogen-bonded network observed in [1]Cl · 3H<sub>2</sub>O with H–Cl distances.
