

SEVENTY-FIFTH ANNUAL MEETING OF THE AMERICAN PHARMACEUTICAL ASSOCIATION, ST. LOUIS, MO., AUGUST 22-27.

ABSTRACT OF THE MINUTES OF THE GENERAL SESSIONS.

The sessions of the seventy-fifth annual meeting of the AMERICAN PHARMACEUTICAL ASSOCIATION were held in Coronado Hotel, St. Louis, Mo. The list of members in attendance is printed in the September JOURNAL on pp. 895-897.

Some of the Committee Reports referred to in the minutes have been printed, or will be printed in later issues of the JOURNAL.

FIRST GENERAL SESSION.

President Bradley presented his address, August 23rd, at the Testimonial Dinner in his honor; it was referred to the Committee on Resolutions of the House of Delegates. The officers of the ASSOCIATION and of the Local Committee and speakers of the occasion were seated at the speakers' table. The following Ex-Presidents were in attendance at the meeting: John Uri Lloyd, J. H. Beal, H. H. Rusby, Eugene G. Eberle, John G. Godding, William B. Day, George M. Beringer, F. J. Wulling, Charles H. LaWall, S. L. Hilton, H. V. Army, C. W. Holton and L. L. Walton; also two Past-Honorary Presidents, W. L. DuBois and Louis Emanuel. Four Past-Honorary Presidents and eighteen former Presidents are living.

President Bradley's address is printed in the September JOURNAL, pp. 810-817. It was referred to the Committee on Resolutions.

President Theodore J. Bradley called the first General Session to order at 9:20 A.M., August 24, 1927.

As the first order of business messages of congratulation to the ASSOCIATION on the occasion of its Diamond Jubilee and extending best wishes for its continued growth and success were read from Honorary President W. H. Rogers and others; these were accepted, and referred for publication, and the Secretary was instructed to reply to them.

The report of the Secretary was called for; it follows:

REPORT OF THE SECRETARY.

In submitting this second annual report as Secretary, I desire to express to the members and officers of the ASSOCIATION my sincere appreciation for the support which they have given me and for their unflinching courtesy and kindness. Such pleasant relations go a long way toward making any work agreeable and interesting.

National Formulary, Fourth Edition.—On December 1, 1925, the Midland Publishing Company reported, as stock on hand, 1328 copies Muslin, 275 copies Buckram and 88 copies Interleaved, or a total of 1691 copies. No report was received for the quarter ending March 1, 1926, but on August 25th a statement covering sales to July 1st was received. In the meantime, the greater portion of the stock on hand had been returned to the office of the ASSOCIATION in Baltimore. With the statement referred to above came the information that the Midland Publishing Company had recently been reorganized and that the account for the N. F. IV would be closed as soon as reports from the agents were received. Later the President of the Company advised that their books were being audited and that a final report would be furnished as soon as the audit was completed. Still later, he advised that the company had been liquidated and that the remainder of the stock of the N. F. IV was being returned. The attached report shows that after the stock returned was credited, 104 copies Muslin, 61 copies Buckram and 10 copies Interleaved, or a total of 175 copies, were unaccounted for by the Midland Publishing Company. The remainder of the stock is held at the Baltimore office. The records show that a total of 54,000 copies of the N. F. IV were printed and bound and that 52,309 of these were sold.

National Formulary, Fifth Edition.—Two series of this edition have been printed and bound by the Mack Printing Company. Series A consisted of 19,561 copies Buckram and 500 Interleaved and Series B of 10,023 copies Buckram, a total of 30,084 copies. To June 1, 1927, 21,017 copies Buckram and 112 Interleaved, a total of 21,129 copies, had been sold, and 86 copies had been distributed complimentary. The contract for the Agency and Sale of the N. F. V

was transferred by the Chemical Catalog Company, Inc., of New York, N. Y., to the J. B. Lippincott Company of Philadelphia, Pa., on December 1, 1926, with the consent of the AMERICAN PHARMACEUTICAL ASSOCIATION, and the unsold stock is held by the last mentioned company. During the year 1916, 15,759 copies of the N. F. IV were sold as compared with 21,129 copies of the N. F. V during the first year since it was put on sale. Under the arrangement that one-half of the net profits from the N. F. are transferred to the Research Fund, this sale brings the total of that fund to above \$40,000.

The ASSOCIATION has received practically no complaints or suggested corrections for the National Formulary, Fifth Edition, and apparently it has met with general approval.

Recipe Book, First Edition.—The contract for the manufacture and for the agency and sale of the Recipe Book, First Edition, has been awarded to the J. B. Lippincott Company of Philadelphia and the book is now in preparation. It will be of about the same size and general appearance as the N. F. V and the selling price has been set at \$5.00. It will be supplied only in buckram binding and will contain approximately 1623 formulas.

Year Book, Volume 14.—This volume, covering the calendar year 1925, is now in process and will be ready for delivery early in the fall. In accordance with the instructions of the Council a letter and return postal has been sent to each member of the ASSOCIATION requesting that the member indicate on the return postal whether or not a copy of this volume is desired. This method was followed in the case of Volume 13 with evident satisfaction to the members, and will result in a considerable saving to the ASSOCIATION.

Year Book, Volume 15.—Bids on the manufacture of this volume, covering the calendar year 1926, will be requested within a short time and contract has been entered into with the Board of Trustees of the U. S. P. for the inclusion of abstracts of those articles dealing with the U. S. P. which formerly appeared in the Digest of Comments on the U. S. P. and N. F. but which, for that reason, did not appear in the YEAR BOOK. This arrangement will make the YEAR BOOK much more valuable as a reference book.

Year Book, Volume 16.—Dr. H. V. Army, in accordance with his generous offer, is preparing the manuscript for this volume during this summer and will complete it during the summer of 1928. It is hoped that Volumes 15 and 16 can be sent to the members during 1928 bringing this publication up to date.

Cost of the Publications of the Association.—As will be shown by the report of the Committee on Publications, a considerable reduction has been made in the cost of the YEAR BOOK and the JOURNAL during this year. This will enable both publications to increase their scope.

Membership.—At the close of the year 1926, the number of members suspended on account of the non-payment of dues was larger than for several years past due no doubt to the large addition to the membership during the preceding year through contributions to the Headquarters Building Fund. A collection campaign has been continued with these delinquent members during this year and I am pleased to report that to July 31st, one hundred and twenty-seven of them had paid their dues for 1926 and for 1927, thus renewing their membership and reducing the suspensions to about the usual number. This indicates that our permanent gain in membership through those members elected as Headquarters Building subscribers will be as good as usual.

Statements for dues have been sent to the members early in each month of this year beginning with February and the Secretary's financial statement attached shows that the receipts from dues from January 1st to July 31st of this year are about 22 per cent above those for the same period in 1926. The number of members owing dues for 1927 was less on July 31st than the number of members suspended on December 31, 1926.

Since the last annual meeting, a period of about eleven months, a total of 683 new members has been elected, 212 on account of the payment of dues and 468 on account of contributions to the Headquarters Building Fund, and 3 Life Members.

After deduction of losses through death, resignation, and suspension, the membership is approximately 5000, of which 156 are Life Members and 13 Honorary Members.

In his address, the President has mentioned the arrangements made for an effort to substantially increase the membership during the coming year.

Secretary's Account.—Receipts on account of Dues, the JOURNAL, the N. F., YEAR BOOKS and PROCEEDINGS, Bulletins, Badges and Bars, Buttons and Pins, and Bank Exchange are de-

posited in the Secretary's Account in the Baltimore Trust Company, and are transmitted by check to the Treasurer at regular intervals, with itemized deposit slips—as shown by the attached statement.

There are also attached detailed statements of the receipts and expenditures on account of the N. F. IV, N. F. V, YEAR BOOKS and PROCEEDINGS, Bulletins, Badges and Bars, and Buttons and Pins.

Location of the Headquarters Building.—The vote on the location of the Headquarters Building has been held under the conditions approved at the last annual meeting.

As a result of the publicity given to this vote and the request that interested cities forward a statement of their respective advantages and offers, invitations were received from the following nine cities:

Chicago, Illinois	Columbus, Ohio	Omaha, Nebraska
Cincinnati, Ohio	Madison, Wisconsin	St. Louis, Missouri
Cleveland, Ohio	New York, N. Y.	Washington, D. C.

These invitations and all information submitted with them were forwarded in the form of a pamphlet, to the members of the ASSOCIATION on February 15, 1927, with the first ballot. As each member has been made fully acquainted with them it is not necessary to refer here to these invitations beyond expressing again the deep appreciation of our ASSOCIATION for them and for the interest in the future welfare of the ASSOCIATION which they so eloquently represented.

The following cities received the greater number of votes in the order named in the first ballot:

Washington, D. C.	Cincinnati, Ohio	Madison, Wisconsin
Chicago, Illinois	St. Louis, Missouri	

and their names appeared on the second ballot which was mailed to the members' on April 1, 1927.

In the second ballot, Washington, D. C., and Chicago, Ill., received the greater number of votes in the order named, and their names were submitted to the members in the third ballot which was mailed on June 1, 1927.

Washington, D. C., received the greater number of votes in the third ballot and becomes, therefore, the location of the Headquarters Building.

In order that the vote might be carried out without confusion, the Council of the ASSOCIATION directed that the ballots should be mailed only to those members of the ASSOCIATION in good standing on January 1, 1927, and those whose applications for membership were received on or before January 1, 1927, and favorably acted upon before February 1, 1927.

By direction of the President of the ASSOCIATION and the Chairman of the Council, the votes in each ballot were counted by the Secretary, the Editor of the JOURNAL, and the Assistant Secretary of the Baltimore Association of Commerce. At the opening and counting of the votes in the final ballot, a representative from the City of Chicago and from the City of Washington were present as observers. The votes cast in each ballot have been preserved.

The close coöperation now possible between the Editor of the JOURNAL and the Secretary has resulted in simplifying the work of the office and in bringing the list of members and their addresses to a correct basis.

Respectfully submitted, E. F. KELLY, *Secretary.*

President Bradley explained that these accounts are audited by public accountants.

On motion of Jacob Diner, seconded by William C. Anderson the report was received and approved by vote.

The Treasurer's report was read by Treasurer Holton; it follows:

REPORT OF THE TREASURER OF THE AMERICAN PHARMACEUTICAL ASSOCIATION, C. W. HOLTON,
TREASURER, JANUARY 1 TO JULY 31, 1927.

Certificates of Deposit 4% Drovers & Mechanics National Bank.....	190,000.00	230,000.00
	<hr/>	<hr/>
	\$276,500.00	\$316,500.00

The remainder of all funds, amounting to \$53,006.16, is on deposit with the Boston Penny Savings Bank, Savings Account, 4¹/₂ per cent interest compounded semi-annually; with the Drovers and Mechanics National Bank, Baltimore, Md., Savings Account 4 per cent interest, compounded semi-annually; with the Baltimore Trust Company (formerly the National Exchange Bank) of Baltimore, Md., Checking Account, 3 per cent interest compounded monthly; and with the Merchants Trust Co. (formerly the Merchants and Manufacturers National Bank) of Newark, N. J., Checking Account, 3 per cent interest compounded monthly.

The growth of the Headquarters Building Fund is very satisfactory particularly in view of the general financial conditions. The total of subscriptions on July 31, 1927, was \$600,193.38 and the total of collections was \$250,648.24. This represents an increase in subscriptions of \$62,286.50 and in collections of \$42,421.90 since August 31, 1926, or a period of eleven months.

The report of the Chairman of the Campaign Committee will give details as to the number of subscribers, the number of unpaid subscriptions, etc.

The total cost of the campaign has been \$38,896.92 and of this amount \$13,023.94 was spent in 1924, \$11,944.05 in 1925, \$10,007.06 in 1926, and \$3931.87 to July 31, 1927. From this should be deducted the interest received from the fund, which was \$1,164.91 in 1924; \$4,932.31 in 1925; \$7,587.42 in 1926 and \$4,531.43 to July 31, 1927, a total of \$18,216.08. The cost of the campaign has been \$20,684.84 from which should be deducted the contribution of \$1000.00 of the Armand Company toward the expense of the campaign which leaves a net cost of \$19,684.84 to collect \$250,648.24 or 7.85 per cent. It cost 3.27 per cent to obtain subscriptions of \$600,193.38. The net expense of the campaign has been paid out of the reserve funds of the ASSOCIATION and all moneys contributed to the Headquarters Building Fund are on deposit for that purpose.

The total expense of conducting the three ballots on the location of the Headquarters Building has been charged to the Headquarters Building Campaign appropriation and this has added considerably to the cost of the campaign for the current year.

Since January 1, 1926, the Secretary has deposited in the Secretary's account in the Baltimore Trust Company all receipts from Dues, the JOURNAL, the NATIONAL FORMULARY, YEAR BOOKS, PROCEEDINGS, Bulletins, Badges and Bars, Buttons and Pins, and Bank Exchange and these receipts are itemized in the Secretary's report. At regular intervals these receipts are transferred by check, accompanied by itemized deposit slips, to the checking account in the Merchants Trust Co. (formerly the Merchants and Manufacturers National Bank) in Newark from which account all budgeted expenses are paid.

Respectfully submitted,

CHARLES W. HOLTON, *Treasurer.*

President Bradley explained that this was not a final report, but made up by the Treasurer to inform the Association of the condition of its funds at the last possible moment. The accounts are closed at the end of the calendar year and they are audited with those of the Secretary.

It was moved by E. L. Newcomb and seconded by C. W. Johnson that the report be accepted with approval of the ASSOCIATION, and published in the JOURNAL.—Carried.

Chairman Diner reported that the House of Delegates convened at the hour set for the opening session and organized. Credentials were presented from thirty-nine states. The minutes of the previous convention, of the House of Delegates, of the reorganization and of the first meeting of the Council, were presented. Reception of fraternal delegates followed. Appointment of Committees was then proceeded with; the Chairman of the House of Delegates appointed the Committee on Resolutions and the Committee on Nominations, after which the House adjourned.

J. H. Beal moved and E. L. Newcomb seconded the motion that the report be received and made part of the records.—Carried.

President Bradley stated that in making plans for the Diamond Jubilee meeting it was decided that an address on the work of the AMERICAN PHARMACEUTICAL ASSOCIATION should be made part of the program. Former President J. H. Beal was selected because he exemplifies the spirit of the ASSOCIATION. The President referred to the St. Louis spirit and that of the AMERICAN PHARMACEUTICAL ASSOCIATION and was pleased that Dr. Beal had accepted the invitation to speak on "The Work, Principal Purposes and Ideals of the AMERICAN PHARMACEUTICAL ASSOCIATION." The members gave hearty approval and welcomed the speaker.

(The address is printed in the September JOURNAL, beginning on p. 799.)

President Bradley said that Dr. Beal had met a great opportunity in a great way.

William C. Anderson expressed his belief that the address would be remembered as an outstanding effort; he did not wish to change or amend what had been said, but Dr. Beal had omitted the name of the proposer of the resolution which created the House of Delegates; it should be added as a matter of right and record that Dr. Beal introduced the resolution.

Frederick J. Wulling was pleased to second the motion and added words of appreciation.

Editor Eberle moved that the address be mimeographed and sent to all pharmaceutical publications and reprints made for distribution among pharmaceutical associations and board members.

William C. Anderson accepted the motion.

Chairman Diner added that reprints be provided for schools and colleges of pharmacy so

that the history of the AMERICAN PHARMACEUTICAL ASSOCIATION may be made known to the students in pharmacy and along with the code of ethics serve as a background of pharmacy as well as a guide for them.

W. Bruce Philip suggested that the statement relative to the proposer of the resolution creating the House of Delegates be added as a footnote—this was concurred in by both President Bradley and the original mover of the motion.

F. J. Wulling supported the suggestion of Chairman Diner. He thought that a reader at institutions of pharmacy should bring the best items of current literature to the attention of the students, and among these messages Dr. Beal's address would have first place.

Dr. Beal in concluding his word of thanks said he had never done an hour's work, a minute's work, for pharmacy or for the AMERICAN PHARMACEUTICAL ASSOCIATION on which he had not realized 100 per cent profit.

Chairman Robert J. Ruth, of the National Pharmacy Week Committee, presented an interesting and encouraging report. (To be printed.)

W. H. Lamont supplemented the report of Chairman Ruth by speaking of the results of last year in Missouri.

Dr. Stanbury, of the Canadian Pharmaceutical Association and also member of the AMERICAN PHARMACEUTICAL ASSOCIATION, said that last year many Canadian pharmacists had suitable displays in their stores, and addresses on Pharmacy Week were made by members of Rotary and other clubs. At the recent meeting of the Canadian Pharmaceutical Association a resolution was passed that Pharmacy Week should be observed during the week adopted by pharmacists of the United States; the intention is to make Pharmacy Week a great success. He said the impress of the one Pharmacy Week will amount to little unless pharmacy receives proper consideration throughout the year. Something should be done continuously to impress the druggists of this continent that they must bring the professional side constantly before the public and before the physicians. It is the professional side of pharmacy that gives the druggist the distinctive character and enables him to merchandise more successfully than is possible without proper attention to the professional side of the business.

President Bradley explained that this part of the program was House of Delegates business and had been brought up because of the general interest.

A motion by S. L. Hilton, duly seconded, gave the Chairman and the other members of the Committee a rising vote of thanks.

The first General Session was then adjourned.

SECOND GENERAL SESSION.

The second General Session of the AMERICAN PHARMACEUTICAL ASSOCIATION was convened by President Bradley at 2:15 P.M.

The minutes of the first General Session were read by Secretary Kelly and on motion of Chairman Diner, seconded by Robert J. Ruth, and a vote—approved.

Chairman Diner referred to a letter from Honorary President, William H. Rogers. He said that all who know Mr. Rogers respect and love him and asked that a letter of acknowledgment and greetings be sent him. The motion was seconded by H. V. Army, and carried.

Robert J. Ruth referred to the serious illness of Sir William S. Glyn-Jones who had been taken ill at the Regina Convention of the Canadian Pharmaceutical Association. Mr. Ruth moved that a message, conveying good wishes for his speedy recovery be sent to Sir William; E. G. Eberle seconded the motion.—Carried.

A report from the House of Delegates was read by Chairman Diner; on motion made by J. H. Beal, seconded by Henry B. Smith, the report was received and the several recommendations adopted. (See minutes of the first meeting of the House of Delegates.)

President Bradley called for the report of the Headquarters Building Committee.

Chairman J. H. Beal stated that the real functions of the Headquarters Building Committee had been discharged by the Campaign Committee and asked that the report of the Headquarters Campaign Committee be considered as the report of his Committee.

On motion of Robert J. Ruth, seconded by Jacob Diner, the verbal report was received.

President Bradley called on Secretary E. F. Kelly for the report of the Headquarters Building Campaign Committee.

Secretary Kelly stated that Chairman Dunning regretted that circumstances prevented his attendance much to his disappointment and asked that his greetings be extended to those present and the report read for consideration.

The report follows:

REPORT TO THE AMERICAN PHARMACEUTICAL ASSOCIATION BY THE CHAIRMAN OF THE PHARMACY HEADQUARTERS BUILDING CAMPAIGN COMMITTEE.

Gentlemen:

A financial statement carefully audited by a well-known firm of public accountants has been submitted and an analysis by States of subscriptions actually received up to August 1, 1927. This analysis shows that more than \$600,000.00 has been subscribed and the financial report states that more than \$250,000.00 of the amount has been received in cash and deposited in bank. More than fourteen thousand contributors subscribed to this fund, about twelve thousand of whom were retail druggists. Approximately, \$231,000.00 of the entire amount was subscribed by retailers, \$128,000.00 by manufacturers and \$14,000.00 by wholesalers; the balance represented miscellaneous subscriptions from various types of businesses and interests. Every State in the Union subscribed a substantial amount in relation to the size and number of drug stores in the State—some, of course, did much better than others.

Your Chairman has been advised of several comparatively large subscriptions which will be made in the near future, and now that the site is settled upon, it is expected that some of the large interests in pharmacy will increase their subscriptions and some of those which have not subscribed will now contribute.

Your Committee recommends that the campaign work be continued until at least one million dollars is obtained. If this suggestion is accepted, it is planned that a letter be directed to the manufacturers, wholesalers and a few selected prospective contributors of a philanthropic type which will bring to their attention the accomplishment of the undertaking and plans for the future with the hope of obtaining new contributions or having those which have been made increased.

Your Committee believes that the site for the building should be selected without delay, but unhurriedly. Meanwhile, inasmuch as a reasonably definite tentative plan has been developed for the building and its equipment, an architect should be selected. It would probably be best to request a limited number of architects to submit plans on a competitive basis, bearing in mind that quality should be the prime consideration and cost coming next in importance. The building operations, in the judgment of your Committee, should be started in the spring of 1929. As soon as the architectural plans are in shape, copies should be submitted to all of the national pharmaceutical associations, with an invitation to take space in the building. It would be requested of the national bodies that they would, within a reasonable time, perhaps three months, indicate whether or not space would be required. It is the belief of your Building Plan Committee that a handsome dignified architecturally perfect building, three stories high, with a basement, perhaps 60 feet front and 150 depth, should be built for approximately \$300,000.00, most of which money we have on hand. Such a building would provide the necessary space for offices for the AMERICAN PHARMACEUTICAL ASSOCIATION—museum, library, research department and so forth—and additional space as offices for other national pharmaceutical organizations. In developing the building plan, it would be advisable, in the opinion of the Committee, to have sufficient ground available for the construction of wings for the extension of the building rather than planning to increase the height. This idea should be taken into consideration when the architectural plans are developed.

Respectfully submitted,
Headquarters Building Campaign Committee,

H. A. B. DUNNING, *Chairman*
E. F. KELLY
S. L. HILTON
E. L. NEWCOMB
W. BRUCE PHILIP.

The financial report and the report of the auditors, follows:

ANALYSIS BY STATES OF HEADQUARTERS SUBSCRIPTIONS ACTUALLY RECEIVED UP TO AUGUST 1, 1927

States.	Manufacturers.	Wholesalers.	Misc.	Retailers.			No. of sub.	Totals.

President Bradley expressed satisfaction because the recommendations of the Committee and his recommendations paralleled. He also suggested that as the President's address had been referred to the Committee on Resolutions of the House of Delegates the Headquarters reports be received and the recommendations referred to the same Committee.

J. H. Beal made a motion to that effect and requested that before the motion was put Dr. E. L. Newcomb, who has been so closely connected with the campaign and who has contributed greatly to its success, be invited to address the session. The motion was seconded by W. C. Anderson and carried.

President Bradley called on Dr. E. L. Newcomb, who in responding said that he did not think it was necessary to dwell at length on the details of the plan of the Campaign Committee for the coming year. The report recommends a continuance of the campaign efforts and he hoped that the ASSOCIATION would concur in this recommendation; an addition of fifty or sixty thousand dollars by way of contributions could be expected during the coming year. The Campaign Committee considered it advisable, if possible, to continue the campaign for contributions until a full million dollars was available. He said that every member of the ASSOCIATION should at all times keep foremost in mind the desirability of urging those who had not contributed to do so. There were still some members of the ASSOCIATION who had not subscribed. He thanked the members for their support.

W. C. Anderson was recognized by the President and presented a beautiful gold match case to Past Honorary President W. L. DuBois on behalf of his friends as a token of their appreciation on the occasion of his 89th birthday. After outlining the activities of the celebrant Dr. Anderson referred to the high regard in which Mr. DuBois is held by the pharmacists wherever he is known and that in New York State he is affectionately referred to as "Daddy DuBois." The recipient responded briefly and was greeted by the members.

President Bradley introduced Dr. A. G. Pohlman, Professor of anatomy in the St. Louis University Medical School, as the speaker of this session. The speaker explained that the subject assigned him was "The Value of Research and Its Practical Applications," but that after giving the matter consideration he preferred to speak on "The Prevention of Disease." After the close of the interesting address President Bradley called for a rising vote of thanks to the speaker which was heartily given.

Secretary Kelly, under the item of unfinished business, read a message from the Secretary of the Pennsylvania Pharmaceutical Association. It follows:

"The Pennsylvania Pharmaceutical Association in its Fiftieth Anniversary year, extends congratulations and greetings to the AMERICAN PHARMACEUTICAL ASSOCIATION during its celebration of seventy-five years of continuous and successful activity in the interest of Pharmacy.

Our association is particularly indebted to the AMERICAN PHARMACEUTICAL ASSOCIATION, for it was through the efforts of 22 of the latter's Pennsylvania members that the Pennsylvania Pharmaceutical Association was organized fifty years ago.

With best wishes for future success,

Pennsylvania Pharmaceutical Association,

(Signed) J. G. Noh, *Secretary.*"

The second General Session of the A. PH. A. was then adjourned.

FINAL GENERAL SESSION.

The final General Session of the A. PH. A. was convened by President Theodore J. Bradley, Friday, August 26th, at 9 P.M.

Secretary Kelly read the minutes of the previous General Session which were received and approved on motion of Jacob Diner, seconded by J. H. Beal.

Secretary Kelly reported verbally on the final session of the House of Delegates. He also presented the resolutions which had been prepared by the Committee on Resolutions and discussed in the House of Delegates and adopted. (The resolutions adopted are printed on pages 885 to 889 in the September JOURNAL.)

The resolutions were read by Chairman Hunsberger.

On motion of George M. Beringer and seconded by A. G. Hulett the final report of the House of Delegates and the resolutions were adopted.

President Bradley announced that the next order of business was the presentation of the Ebert prize by the retiring Chairman of the Scientific Section, J. C. Krantz, Jr.

Chairman Krantz explained that it was customary each year to present a medal known as the Ebert prize to that member who had presented the best essay or written contribution containing an original investigation of a medicinal substance determining new properties or containing other meritorious contributions to knowledge; or, of improved methods of determining merit for the preparation of chemical or pharmaceutical products. He stated that the Committee on Ebert prize had decided to award the prize this year to L. W. Rowe for his work on "The Standardization of Digitalis and Strophanthus." The recipient expressed his appreciation of the award and stated that it was a great pleasure to receive the honor.

Chairman Krantz further expressed the hope that the Ebert prize winner would continue his work for he stated that it was this type of investigation which is remaking the science of pharmacy.

President Bradley stated that former President John Uri Lloyd had received the Ebert prize on three occasions, in past years, and the medals so received had been sent to the Smithsonian Institute at Washington for permanent preservation.

President Bradley commented on the value of the National Formulary and the work entailed in its revision, and that this work is done by members of the Committee without financial remuneration. The members of the Committee and the Council had decided it would be fitting to present an honorarium to the Chairman of the Committee and the President asked that the award be made by Vice-Chairman George M. Beringer who in well chosen words and in a happy vein spoke of the Chairman's loyalty and service to and for the AMERICAN PHARMACEUTICAL ASSOCIATION. As a member of the Committee he knew the work involved in the Chairmanship. In presenting the honorarium Mr. Beringer expressed the hope that Chairman Scoville would accept it as a slight token of appreciation and make good use of it. He was certain, if he could not, that Mrs. Scoville would be glad to help him.

In responding Chairman Scoville spoke at some length, using as a text the parable of the nobleman who before going on a journey left certain funds in trust with his servants. He made

mention of the Committee on National Formulary composed of five or six Ex-Presidents of the ASSOCIATION, three or four Remington Honor Medal men, four or five Ebert Prize men, and nearly a dozen men who had received or were very soon to receive honorary degrees. He questioned whether a better committee could be selected. These members had said to him "You go ahead and issue the bulletins and we will do the work." And now, supported by a request of this Committee, the ASSOCIATION says, "You take the reward; you reap what you didn't sow and you gather what you didn't strew." He also referred to the Certificate given to all members of the Committee, as a recognition of the services, which all the members were glad to render.

He realized that the work a man may do is recognized not merely for what he does nor for how he does it, but the angle from which it is viewed has its influence; the band master always gets the first attention. The award is another incentive to offer such service as he may to the ASSOCIATION without any visions of any further honorarium of this kind. He thanked the ASSOCIATION.

Editor Eberle said that Mrs. Whelpley—as an expression of her appreciation of the ASSOCIATION and in remembrance of our lamented member, Dr. Henry M. Whelpley—has presented to the ASSOCIATION a full set of the U. S. Pharmacopœias, a number of Dispensatories and other books relating to pharmacy of years ago; also the lantern slides which so frequently entertained the members of the ASSOCIATION and recalled past meetings and the enjoyments and good fellowship which marked these meetings. To-day she declared her desire to become a Life Member of this ASSOCIATION and has presented a check for \$100.00 which pays for such membership.

President Bradley expressed the gratitude of the ASSOCIATION.

James H. Beal moved the election of Mrs. Whelpley as Life Member by a rising vote, seconded by George M. Beringer; the motion carried unanimously. Installation of officers was proceeded with; by request of President Bradley former President L. L. Walton acted as installing officer.

The Council-members-elect Messrs. Arny and Bradley chose member-elect George M. Beringer as their spokesman who said that he was glad to serve the ASSOCIATION at any time and in any capacity.

Treasurer Holton expressed his willingness to serve the ASSOCIATION; it gave him pleasure to attend the annual meetings. He stated that the Treasurer's work had been lightened by a full-time Secretary.

President Bradley said it had been his pleasure to work with Secretary Kelly and declared that the ASSOCIATION was fortunate in retaining his services. Secretary Kelly said the unflinching courtesy and kindness of the officers and members rendered his duties a pleasure and asked them to let him know how his services could be improved—he was happy to have the opportunity of serving the ASSOCIATION.

Second Vice-President Joseph Jacobs had to leave before the close of the convention.

First Vice-President Hunsberger expressed his appreciation of the honor of his election and said that whatever he had done for the ASSOCIATION and would be able to do gave him real pleasure.

President Bradley appreciated the honor of the office which he was relinquishing and had endeavored to deserve it. He found that he had the hearty cooperation and support of the other officers—this made the burden light and he looked back upon a year of very pleasant associations and a closer friendship with many. He spoke in highest terms of the splendid work of the Local Chairman and his co-workers who had succeeded admirably in making the Diamond Anniversary a success.

President Bradley then pinned the badge of office on President Johnson, congratulated him, and wished for him a successful year in office.

President Johnson said that when the ASSOCIATION celebrated its twenty-fifth anniversary he was a very small part of this world; twenty-five years later, at the invitation of Dr. Prescott, he became a member of the ASSOCIATION; now twenty-five years thereafter, he became its President and it has been twenty-five years since he took up work at the State University of Washington; he hoped that twenty-five years hence he would participate in the celebration of the ASSOCIATION'S Centenary.

He relied on the assistance of the officers and members in his work and hoped that during the year he would be able to add something for the advancement of the ASSOCIATION.

Mr. Antonow moved a rising vote of thanks to the retiring officers.—Carried.

Dr. Stanbury expressed appreciation for Dean Burbidge and himself of the kindnesses shown them; he will carry back to the Canadian Pharmaceutical Association a great deal of information and inspiration and a feeling that there is a fraternity of interest between these two associations. He extended an invitation to the members to attend the meeting of the Canadian Pharmaceutical Association in Ottawa next year and assured the visitors of a hearty welcome.

President Johnson assured the Canadian members of a welcome always and expressed the appreciation of the ASSOCIATION because of the attendance of Dr. Stanbury and Dean Burbidge and the hope that they and others would attend the meeting in Maine next year.

The Seventy-fifth annual meeting of the AMERICAN PHARMACEUTICAL ASSOCIATION was then adjourned.

HOUSE OF DELEGATES, AMERICAN PHARMACEUTICAL ASSOCIATION

ABSTRACT OF THE MINUTES OF THE SESSIONS HELD IN CORONADO HOTEL, ST. LOUIS, MO., AUGUST 22-27, 1927.

The first session of the House of Delegates, AMERICAN PHARMACEUTICAL ASSOCIATION, was convened by Chairman Jacob Diner, at 1:40 P.M., Tuesday, August 23rd. The first order of business announced by the Chairman was roll call and the verifications of credentials.

Secretary Kelly called the roll and announced that each State Association is entitled to one voting delegate and if the voting delegate mentioned in the credentials is absent the alternate delegate may vote for him. The roll call showed that credentials had been received from eight Branches of the A. PH. A., from thirty-nine State Associations and from seven National Associations and the five Sections of the AMERICAN PHARMACEUTICAL ASSOCIATION.

The names of delegates and organizations represented follow; the name of the organization or State is in italics, names of delegates in capitals and small capitals and the names of the voting delegates in bold face.

A. PH. A. SECTIONS.

Scientific—F. F. Berg, Brooklyn, N. Y.
Education and Legislation—A. L. I. Winne, Richmond, Va.; Associate, W. J. HUSA, Gainesville, Fla.
Practical Pharmacy and Dispensing—Clyde M. Snow, Chicago, Ill.
Commercial Interests—Ambrose Hunsberger, Philadelphia, Pa.; W. F. GIDLEY, Austin, Texas.
Historical Pharmacy—L. K. Darbaker, Pittsburgh, Pa.

A. PH. A. BRANCHES.

Baltimore—Lloyd N. Richardson, Bel Air, Md.; A. G. DUMÉZ, Baltimore.
Chicago—William Gray, WILLIAM B. DAY, E. N. GATHERCOAL.
Cincinnati—E. H. Thiesing, FRANK H. FRERICKS.
Detroit—L. W. Rowe, L. A. SELTZER, WILBUR L. SCOVILLE.
Philadelphia—J. C. Peacock, C. H. LAWALL, ADLEY B. NICHOLS.
Pittsburgh—Louis Emanuel.
University of North Carolina—E. V. Howell, G. A. RUSSELL.
University of Washington—Charles W. Johnson.

NATIONAL ASSOCIATIONS.

American Association of Colleges of Pharmacy—D. B. K. JOHNSON, W. F. RUDD, H. M. FASER, E. V. HOWELL, W. J. HUSA.
