

is appointed for a term of four years by the Governor, and Clarence M. Anderson was reappointed to that post on March 15th.

Examination meetings are held on the first Monday and Tuesday in February and June of each year.

South Dakota.—Results of the June examination at Brookings are not available as this goes to press, but it is reported that there was a large class. Reciprocal registration was granted to F. H. Luneburg of Nebraska.

L. E. Highley, of Hot Springs, President of the South Dakota Board of Pharmacy spent the cold spring months in sunny California. He returned home in May and is reported to be of the opinion that there is "no place like home."

Virginia.—As a result of the June meeting of the Virginia Board at Richmond, twenty-six out of a class of thirty have been granted certificates as full registered pharmacists and five out of seventeen have been granted assistant licenses. Owing to the transition from the two- to the three-year course, there was no regular class graduating, which accounts for the small number taking examination. A few special students, together with graduates from other States, composed the class.

The following reciprocal applicants were accepted: L. D. Daniels, from Alabama; Frantz Naylor, from Maryland; H. L. Rayburn, from North Carolina.

OBITUARY.

The death of Charles H. Huhn, of Minneapolis, on May 24th means the loss of a devoted worker for the cause of better pharmacy. He preached the doctrine of organization and legislative activity and set a good example by practicing what he preached. The N. A. B. P. claims him as one of its own, as he was appointed to fill an unexpired term on the Minnesota Board of Pharmacy in 1912, and then reappointed for a full five-year term.

Charles H. Huhn was born at Brooklyn, Ohio, in 1860. At sixteen years of age, he entered the drug business as an apprentice in the store of an uncle located in Minneapolis. He was graduated from the University of Michigan School of Pharmacy in 1881. For twenty-five years of his life he was identified with wholesale drug firms in Minneapolis, but later made his chief occupation the management of a retail pharmacy in that city which he had started in 1899 as a spare-time interest.

Among his pharmaceutical interests were the Northwestern Wholesale Drug Co., a co-operative organization for druggists, of which he was a director and also President; The American Druggists' Fire Insurance Co.; The American Druggists' Syndicate of which he was President; membership in the AMERICAN PHARMACEUTICAL ASSOCIATION and the National Association of Retail Druggists, being President of the latter body in 1909.

In 1908, he ran for the office of Mayor of Minneapolis on the Republican ticket, being nominated with a majority of 10,000 votes but he lost out in the election by the small margin of 156 ballots.

He is survived by an only daughter, Miss Hazel B. Huhn, and to her the N. A. B. P. extends its sincerest sympathy in the loss of such a loving and worthy father.

H. C. Christensen, secretary of the N. A. B. P., participated in the count of the last vote on A. Ph. A. Headquarters' site; also **S. L. Hilton**, Chairman of the Council, A. Ph. A.

Giles Healey, of Yale, has returned from an exploring expedition to the interior of Venezuela. He brought with him six pounds of curare, which is intended for study in American laboratories.

Leonard D. Powers has accepted a position on the faculty of the University of Illinois, College of Pharmacy, to teach chemistry.

Dr. Joseph Jacobs has presented to the AMERICAN PHARMACEUTICAL ASSOCIATION a volume, of 1693, entitled "The Compleat English Physician or the Druggists' Shop Opened" by William Salmon, Professor of Physic, near Holbourn-Bridge, London.
