

# ASSOCIATION BUSINESS

AD INTERIM BUSINESS OF THE COUNCIL OF THE AMERICAN PHARMACEUTICAL ASSOCIATION, 1931-1932.

Office of the Secretary, 10 West Chase Street, Baltimore, Md.

LETTER NO. 8.

January 27, 1932.

To the Members of the Council:

71. *University of Wisconsin Student Branch. Motion No. 23* (see Council Letter No. 7, page 75) has been carried and the formation of the University of Wisconsin Student Branch of the AMERICAN PHARMACEUTICAL ASSOCIATION and the preamble and by-laws of the Branch, as submitted, are approved.

72. *Election of Members. Motion No. 24* (see Council Letter No. 7, page 77) has been carried and applicants numbered 131 to 191 are declared elected.

73. *Report of Auditors.* The following report has been submitted:

January 25, 1931.

Mr. C. W. Holton, Treasurer,  
AMERICAN PHARMACEUTICAL ASSOCIATION.

Dear Sir:

I have made an examination of the books and accounts of the AMERICAN PHARMACEUTICAL ASSOCIATION and your report, as Treasurer, for the calendar year 1931, and I hereby certify that the total Cash and Securities on hand at December 31, 1931, amounting to \$458,148.28, is correctly stated.

During the year real estate was purchased for the headquarters building account at a cost of \$94,901.97 which, together with previous purchases, increases the cost of property owned by the ASSOCIATION to \$194,507.37.

All cash receipts have been traced to deposits in bank to the credit of the respective funds for which received, and all disbursements have been found evidenced by properly authorized voucher checks.

Balances on deposit with the various banks have been reconciled with Certificates from the depositories, and Investment Securities held by the ASSOCIATION have been examined and found to be in agreement with accounts shown by the records. All securities owned by the ASSOCIATION and stated in your report in the amount of \$420,700.00 are valued at face or par value.

Interest accruing on bonds held by the various trust accounts has been promptly collected on their due dates and deposited to the proper fund account.

Records maintained by the Secretary of the ASSOCIATION have been examined and transfers of funds from his account to that of the Treasurer have been verified.

Respectfully submitted,

(Signed) W. A. JOHNSON,  
*Certified Public Accountant.*

74. *Expenses of N. F. Subcommittee.* Chairman Gathercoal recommends (see Council Letter No. 5, page 1345, item No. 53) that the N. F. Subcommittee on Chemistry, Chairman Glenn L. Jenkins, be authorized to expend \$300.00, or so much of this sum as is required, during 1932 for its expenses, and states that "While Dr. Jenkins has made splendid progress with the chemical monographs he still has a great deal of work in connection with assays and tests in the pharma-

ceutical monographs, besides, all of the work coming up in connection with new items of a chemical nature." The recommendation is approved by the Chairman of the Committee on Appropriations.

*(Motion No. 25) It is moved by Bradley that \$300.00, or so much as is required, be authorized for the expenses of the Subcommittee on Chemistry during 1932, and charged to the National Formulary account.*

Prize-winning pharmacy week window.

### NATIONAL PHARMACY WEEK CONTEST.

Chairman Anton Hogstad, Jr., has announced the decision of the Committee of Award in the National Pharmacy Week Contest—a Pharmacy Week Cup contributed by the Federal Wholesale Druggists' Association.

The Committee was composed of: Bernard A. Bialk, *Chairman*; J. H. Webster, L. A. Seltzer, Fred Ingram, Jr., George H. Dikeman.

The award was made by a process of elimination, careful study being made of a large number of displays, which gradually brought down the number until, finally, the selection was made, and even then the decision was reached by a majority vote. The Committee states:

"It was highly gratifying to the Committee to find so many pharmacists throughout the country interested in professional pharmacy. Several hundred photographs were submitted each one of them being a credit to the pharmaceutical profession. It is the hope of the Committee that the Pharmacy Week Window idea will spread throughout the entire country and the interest in regard to professional pharmacy windows be multiplied many times in the years to come.

"The success of the 1931 Pharmacy Week is a splendid tribute to the late Robert J. Ruth, the father of this splendid idea. May the pharmacists, through the pharmaceutical associations throughout the country, carry on.

"The Committee is very grateful for the opportunity of being able to serve and do its bit toward making 1931 Pharmacy Week a success."

Hausmann Pharmacy, 6th and Girard Sts., Philadelphia, was declared the winner.—The window told a complete story—the theme "Scientific Basis of the Prescription" was carefully worked out in such minute detail that the layman could readily see the prescription in the various steps, from the crude drug to the finished product. Hausmann Pharmacy also made use of the Pharmacy Week Window Display material, which was taken into consideration.

Honorable mention was accorded to the display of W. M. Federmann, Kansas City, Mo. Much time was given to the preparation of the display—crude drugs and apparatus, each article plainly marked, made up the greater part of the window.

Edward J. Ireland, Madison, Wis., came in for third place—crude drugs and pharmaceuti-

cal books made up the background—the United States Pharmacopœia of 1820 and that of 1920 stood out very prominently in this display.

The fourth choice—that of O'Brien Drug Company, Omaha, Neb., featured pharmaceuticals and apparatus.

J. C. Scow Pharmacy, of Berkeley, Calif., entered four pictures, representing one window of 45 running feet of display, showing a keen interest in pharmacy.

T. Potjewijd, Secretary-General of International Pharmaceutical Federation. Dr. Potjewijd is also pharmacist of the University Hospital, Leyden, Holland.—See his articles in January number, pages 50–55.
