While the appropriation for the JOURNAL is fixed at \$5000, and warrants will be drawn against this, the net cost of the JOURNAL will be much less by reason of the receipts from advertisements.

Do you approve of budget of appropriations for 1914 as above proposed? This will be regarded as *Motion No. 16 (Approval of Budget of Appropriations for 1914)*.

At the Nashville (1913) meeting the following resolution was adopted:

“Resolved, That the Council be authorized to approve the production of a convenient button or pin style of the official badge of the Association, that may be worn conveniently at all times by members, and that this form of the official badge be distributed to dues paid members by the Treasurer.”

In accordance with this resolution, bids from several makers of badges were obtained. In the judgment of President Beringer and General Secretary Beal, the designs and bid submitted by the Whitehead & Hoag Co., of Newark, N. J., are the most satisfactory.

Design No. 3 was selected.

“Sketch No. 3 shows the round button, 9/16” with a white field, shield enameled blue with a gold border. No. 3-A is the layover which shows what the cutout shield would be with a gold border and a blue ground. The enamel surface will be nicely stoned and polished.

We can furnish any of these designs at the following net prices, f.o.b. Newark, N. J.

In lots of	Gold finish and hard enamel	Gold Plate and hard enamel	Double Gold Plate with rolled gold shoe and hard enamel
1000.....	.11 each	.14 each	.19 each
2000.....	.10½ each	.13½ each	.18½ each
<i>Future Order Prices</i>			
500.....	.11 each	.15 each	.19 each
1000 and 2000.....	.10 each	.13 each	.18 each

The prices quoted provide for furnishing the emblems with regular screw buttons, jeweler’s catch pins or stick pins; or an assortment of these styles may be had in an order without extra charge.”

(The Whitehead & Hoag Co., Charles S. Robbins, Mgr., Philadelphia Badge Department.)

Motion No. 17 (*Appropriation of \$250 for badges and pin buttons*). Moved by G. M. Beringer, seconded by J. H. Beal, that the sum of \$250, or as much as may be necessary, be appropriated for badge buttons and pins in accordance with the resolution of the Nashville (1913) meeting, that the badges and pins be supplied to dues-paid members of the Association at the price of twenty-five cents each, which shall include cost of postage, and that the Secretary of the Council be authorized to order one thousand badges and pins, assorted, of best quality, design No. 3, as per bid submitted by the Whitehead & Hoag Co.

The appropriation is approved by the Committee on Finance.

The suggestion has been made to present the badge free to new members, but it is felt by General Secretary Beal that this proposition should be left to a later date, probably about the time the State Association meetings are being held.

F. T. Gordon, who presented the resolution at the Nashville Meeting for a button badge, writes:

“My opinion is that we should have a button badge worth wearing and keeping, and that such buttons should be sold to present members at cost, and that they should be presented by the Association free to each new member on becoming a member of the Association, as a badge of membership. New members could also purchase the present official badge, if desired, but the button badge would, as President Beringer writes, be an excellent aid to the Committee on Membership if given without cost to new members. Present members, I am sure, would be willing to pay 20 or 25 cents for a button badge that would last for years and be worthy of the Association. As a matter of fact, I firmly believe that a good test of the interest of members in the Association could be made just this way, notifying them through the JOURNAL that the button badges could be obtained at cost and that the other expenses would be defrayed by the Association. Those who are worth-while members would get them, the others would probably pay no attention to the matter.”

J. W. ENGLAND,
Secretary of the Council.
