BOOK NOTICES AND REVIEWS.

Abstract of the Census of Manufacturers. Department of Commerce, Bureau of the Census, Washington. The Abstract of the Census of Manufacturers has just been issued by the Bureau of the Census. This inquiry, which related to the calendar year 1914, was made in 1915, and the primary or fundamental data derived from it, together with some details as to kinds and quantities of the various classes of products, were issued some time ago in the form of several series of press summaries which were published, in whole or in part, in many newspapers and periodicals. The Abstract presents, in convenient form, with an alphabetical index, all the information

that will be needed by the great majority of persons who have use for the manufacturers statistics. It gives, for 340 separate manufacturing industries, statistics relating to number, size, and character of ownership of establishments, and states in which located; proprietors, officials, salaried employees, and wage earners, classified according to sex and, in the case of wage earners, according to whether 16 years of age or over, or under that age; salaries and wages paid; power used; fuel consumed; cost of materials; value of products; quantities of principal products; and various other items. Statistics somewhat similar in scope but in less detail are given,
