ST. LOUIS, MO.

1842-1919

President of the American Pharmaceutical Association in 1895;
Chairman of the Council from 1888 to 1894; Chairman
of the Section on Education and Legislation
in 1894

JAMES M. GOOD

JOURNAL OF THE AMERICAN PHARMACEUTICAL ASSOCIATION

VOL. VIII

JUNE, 1919

NO. 6

JAMES MICHENER GOOD.

James M. Good, president of the American Pharmaceutical Association in 1895, died in St. Louis, May 15. The deceased was born in Bucks County, Pennsylvania, January 12, 1842. He received his early education in the local schools and, thereafter, taught in them for a number of years. In 1867-68 he attended the Philadelphia College of Pharmacy. Soon after the conclusion of the session he came to St. Louis and opened a drug store at 22nd Street and Clark Avenue. Twelve years later he bought a store at the southeast corner of Jefferson Avenue and Olive Street. A number of years ago he moved to the southwest corner of the intersection of the same streets; here he continued in business until shortly before his demise when he sold the store to the Page-Chapman Drug Co.

Soon after locating in St. Louis Mr. Good became interested in the St. Louis College of Pharmacy, first as officer and later as professor of pharmacy. In 1916 he retired and became emeritus professor. He was dean of the faculty from 1880 to 1904.

The Missouri Medical College conferred the honorary degree of M.D. on him and the Philadelphia College of Pharmacy that of Ph.M. He was president of the Missouri Pharmaceutical Association in 1888 and its treasurer from 1883 to 1887. He was active in local pharmaceutical organizations and president of the Cinchona Club at the time of his death. Besides the presidency, Professor Good held other important offices in the American Pharmaceutical Association—chairman of the Council from 1888 to 1894. He was elected member of the U. S. P. Revision Committee in 1900 and re-elected in 1910.

Mrs. Good, nee Alice J. Wilson, of Chester County, Pa., died a few years ago. A sister and one daughter survive. The pall-bearers were former clerks, and officers and members of the faculty of the St. Louis College of Pharmacy. Professor Good joined the American Pharmaceutical Association in 1871. E. G. E.

A GRANT FOR RESEARCH.

The American Pharmaceutical Association has available a sum amounting to about \$240 which will be expended during 1919-1920 for encouragement of research. This amount, either in full or in fractions, will be awarded in such manner as will, in the judgment of the A. Ph. A. Research Committee, produce the greatest good to American Pharmaceutical research.

Investigators desiring financial aid in their work will communicate before August first with H. V. Arny, Chairman A. Ph. A. Research Committee, 115 W. 68th St., New York, giving their past record and outlining the particular line of work for which the grant is desired.

The committee will give each application its careful attention and will make recommendations to the American Pharmaceutical Association at its meeting in New York, August 25-29, 1919, when the award or awards will be made.
