

## BOOK NOTICES AND REVIEWS.

*New Jersey Pharmacy Laws and Regulations.*

The Board of Pharmacy of the State of New Jersey has compiled and published New Jersey pharmacy laws and regulations, with schedule of antidotes for poisons. The compilation also contains lists of registered pharmacists and assistant pharmacists in good standing, June 30, 1936, and lists of registered pharmacies and drug stores as of June 30, 1936. The publication may be obtained from Secretary R. P. Fischelis, 28 West State Street, Trenton, N. J. Margin notations make for easy references to points of law. The Regulations are conveniently arranged and explained. A list of drugs and chemicals to be dispensed only as prescriptions is given. The Prescription Law and regulation covering the compounding and dispensing of prescriptions for drugs and medicines are explained and all phases of procedures and of laws are concisely detailed.

"Poisons and Their Antidotes" has been prepared by Dr. H. C. Wood, Jr. The schedule is informative and given concisely. The lists of registered pharmacists, assistant pharmacists and of registered pharmacies by counties are useful records.
