

# ASSOCIATION BUSINESS

AD INTERIM BUSINESS OF THE COUNCIL OF THE AMERICAN PHARMACEUTICAL ASSOCIATION, 1938-1939.

Office of the Secretary, 2215 Constitution Ave., Washington, D. C.

LETTER, NO. 3.

November 26, 1938.

*To the Members of the Council:*

It was suggested during the First Meeting of the Council in Minneapolis, that in reporting the action of the Council upon motions, those members voting for or against any motion be indicated by the use of abbreviations of their names. For this purpose the following abbreviations will be used:

Christensen	Ch	Lascoff	La
Fischelis	Fi	Gathercoal	Ga
Little	Li	Mickelsen	Mi
Dunning	Du	Moulton	Mo
Hilton	Hi	Kelly	Ke
Costello	Co	Holton	Ho
Cook	Ck	DuMez	Dm
Jenkins	Je	Rogers	Ro
Swain	Sw		

26. *Committee on Recipe Book.* Motion No. 1, Council Letter No. 2, page 4, has been carried unanimously.

27. *Use of Text of N. F. VI.* Motion No. 2, Council Letter No. 2, page 6, has been carried unanimously, and Professors Sollman and Hanzlik were so advised.

A communication has been received from Chairman DuMez of the Committee on Publications recommending that since P. Blackiston's Son & Co. have been given this privilege several times in the past, this firm be granted permission to use portions of the text of the N. F. VI in the compilation of a new edition of Gould's "Pocket Medical Dictionary," under the customary conditions.

(*Motion No. 5*) It is moved by DuMez that P. Blackiston's Son be granted permission to use portions of the text of the N. F. VI in the forthcoming edition of Gould's "Pocket Medical Dictionary" with the customary acknowledgment and usual fee.

28. *Local Secretary and Headquarters for the 1939 Meeting.* Motion No. 3, Letter No. 2, page 6, has been carried unanimously.

29. *Election of Members.* Motion No. 4, Letter No. 2, page 6, has been carried unanimously, and applicants for membership numbered from 1 to 17, inclusive, are declared elected.

30. *Committee on Uniform State Drug and Cosmetic Laws.* Attached is a copy of Bulletin No. 2, 1938-1939, as sent to the secretaries of the state pharmaceutical associations on September 30th, and which gives the action of the House of Delegates under which the A. Ph. A. Committee was authorized and was required to report to the Council.

Late in September, the National Drug Trade Conference appointed a Committee for the same general purpose with one member from each of the nine member organizations. A meeting of this Committee was called in Washington on October 17th and because of the importance of this subject, this meeting was followed by the annual meeting of the Executive Committee of the Conference on October 18th, one month earlier than usual. Dr. Fischelis was named to represent the A. Ph. A. on the Conference Committee which considered the draft of a uniform act on October 17th and reported to the Executive Committee the next day. The Executive Committee called the Annual Meeting of the National Drug Trade Conference for November 15th and decided that state food and drug legislation should be the principal subject for consideration. The A. Ph. A. Committee was requested to submit a draft of a suitable uniform act to the Conference.

The members of the A. P. H. A. Committee met in Washington on November 5th and after a general discussion, decided upon the form of its draft and authorized Chairman Fischelis to put it into final shape and present it to the annual meeting of the Conference on November 15th.

This was done and as the result of its consideration, section by section, a number of changes were recommended and adopted. The final draft, of which copy is enclosed, was approved by the Conference which includes the member Associations whose names are given on the title page. The delegates of the American Pharmaceutical Manufacturers' Association explained that since this Association would meet in Washington on December 5th, they wished to qualify their approval to the extent that the draft should then have the Association's final action. At its meeting on November 5th, the A. P. H. A. Committee approved, in general, a statement, copy enclosed, which will be sent to the State Association with the proposed Uniform Act, provided both are approved by the Council.

While the work of the Committee on Uniform State Drug and Cosmetic Laws has been completed for several weeks, it was felt that the delay which has occurred was justified in view of the approval of the proposed Act by the National Drug Trade Conference. The Committee is now reporting to the Council in accordance with the resolution adopted at Minneapolis and recommends that the Uniform Act and Statement be sent to the State Associations promptly. Therefore, a vote is called for on the following motion at this time. If there should be objection, it will be considered as tentative.

(*Motion No. 6*) It is moved by Fischelis that the proposed Uniform State Food, Drug and Cosmetic Act and the proposed Statement be accepted as a report from the Committee to the Council and be approved, as submitted, for forwarding to the state associations.

31. *Excess Stocks of Proceedings, Year Books and N. F. IV.* It has now been possible to open an inventory of all the boxes containing publications of the Association Stocks of the Proceedings for 1852 to 1859, inclusive, these are exhausted and orders for them are being accumulated in the expectation that later they can be reproduced. Ample supplies of other volumes of the Proceedings and of the YEAR BOOKS are in stock. Of certain volumes there is an excess stock, which is also true of N. F. VI, and since the storage space is needed for other purposes, the inventory of these volumes was submitted to Chairman DuMez of the Committee on Publications, with a suggestion as to the number in each instance that can safely be disposed of by sale as paper at \$5.00 per ton, and he has approved the suggestion. Chairman DuMez writes: "It seems to me to be unwise to occupy valuable space for storing materials which will deteriorate and for which there is no probable need," and submits the following motion with the understanding that bound copies of the N. F. VI will be offered to College of Pharmacy libraries.

(*Motion No. 7*) It is moved by DuMez that only a sufficient number of copies of the publications referred to above be kept to enable the ASSOCIATION to fill probable future orders, and that the excess stocks be disposed of by sale as paper.

32. *Applicants for Membership.* The following applications, properly endorsed, accompanied with the first year's dues, and recommended by two members of the ASSOCIATION, have been received:

## OBITUARY.

### CHARLES F. HEEBNER.

Prof. Charles F. Heebner, Dean Emeritus of the Ontario College of Pharmacy, died December 10, 1938, following a protracted illness. He was in his 80th year and had served as dean of the college from 1891 until his retirement in June, 1938. He was a member of the AMERICAN PHARMACEUTICAL ASSOCIATION and Mr. F. A. Jacobs, Secretary-Treasurer of the Ontario Retail Druggists' Association, represented the ASSOCIATION at the funeral.

Dean Heebner received his early education in Lee, Mass., which was his birthplace. He graduated in 1891 from the College of Pharmacy of Columbia University. Prior to going to Toronto to reorganize the Ontario College of Pharmacy, he was chief chemist of a drug firm, and was also associate professor of pharmacy at Columbia. He was recognized as an author of importance in pharmaceutical circles, was a member of the Canadian Institute of Chemistry and several other similar organizations, and was prominent in the Masonic Order, being a 32nd degree Mason, and buried with full Masonic honors.

Surviving are his wife, Annie K. Heebner, and three daughters: Mrs. T. B. Bellows, New Jersey; Mrs. J. H. Wilmot, Hamilton; and Edith, at home. His son, Carl, was killed

during the World War, in the service of the Royal Canadian Air Force.

### SAM A. WILLIAMS.

On November 20, 1938, Mr. Sam A. Williams, Troy, Alabama, died very suddenly at his home, after having attended church services, and apparently in the best of spirits. His widow and several sisters survive.

Mr. Williams was known throughout the state as an ardent and loyal supporter of Pharmacy. He had owned and operated his own store in Troy for more than a quarter of a century and was a member of the Alabama Pharmaceutical Association for forty years. At the 1938 convention he was recognized and presented as the oldest living member from point of membership. During those forty years he served in practically every useful capacity from a layman in the ranks to the highest office, namely, that of president in 1908-1909.

For more than twenty-five years he was a member of the Alabama State Board of Pharmacy and it was through his efforts that Alabama to-day has one of the finest pharmacy laws in the country. He was active in securing constructive and protective legislation for the profession of Pharmacy. He was a friend of the retail druggists and had won their highest admiration and respect.
