THE BEST CO-OPERATION.

It is possibly an old-fashioned and out-of-date theory, but until I learn of stronger reasons against it than any I have yet heard, I shall hold to the faith that the best co-operation, and that which will serve the drug trade as a whole, is that wherein the manufacturer, the jobber and the retailer, while co-operating within their respective classes for their own profit, shall also co-operate, honestly and heartily, with each other for the welfare of all.—*J. H. Beal*.
