

Errata

The following are corrections to the *Journal of Pharmacy and Pharmacology* 2001, Volume 53.

I. X. Liu et al. Vancomycin resistance reversal in enterococci by flavonoids. 53 (1): 129–132.

The structure shown in Figure 1 (p. 130) was inaccurately redrawn. Below is the corrected version.

(1) 3,5,7-Trihydroxyflavone R = OH R' = OH

(2) 3,7-Dihydroxyflavone R = H R' = OH

Figure 1 The structure of galangin (1) and 3,7-dihydroxyflavone (2).

X. Collin et al. Synthesis of *N*pyridinyl(methyl)-1,2-dihydro-4-hydroxy-2-oxo-quinolone-3-carboxamides and analogues and their anti-inflammatory activity in mice and rats. 53 (3): 417–423.

An author name was incorrectly printed (p. 417). C. Robin-Dubigeon should be C. Bobin-Dubigeon.

K. Sano et al. Metabolism of sulphobromophthalein I: positional isomers of sulphobromophthalein monogluthathione conjugate. 53 (7): 1015–1020.

The peak labelled 1010 in the mass spectra of Figure 4 (p. 1017) should read 1018 in all 3 of the spectra that it appears.
