

## Conference Announcement

---

### The Fifth International Symposium on Gas Kinetics

To be held at the University of Manchester Institute of Science and Technology, England, 11 - 14 July 1977.

The main scientific sessions will be on the following topics:

Kinetic studies of molecular, free radical and ionic reaction systems  
Dynamics and theories of elementary processes  
New techniques of measuring the rates of reaction of active species  
Atmospheric and photochemical reaction systems

Plenary lecturers include H. S. Johnston, F. C. Lockwood, J. H. Purnell, S. A. Rice and K. H. Welge. Contributed papers are invited from intending participants. A Polanyi Memorial Lecture to be given by Professor C. E. H. Bawn will also be incorporated in the Symposium.

For further information and inclusion on the Symposium mailing list, write to:
