

Conference Announcement

January 4 - 7, 1984:

COSMO 84 Conference on Singlet Molecular Oxygen

COSMO 84 will take place at the Hilton Inn, Clearwater Beach, FL. Topics will provisionally include sources and yields, relaxation and quenching, reaction mechanisms, synthetic applications, biological and biomedical implications, the role in polymer degradation, and gas phase and atmospheric manifestations.

The organizing committee comprises Brian Stevens (Host and Coordinator), Christopher S. Foote, Robert W. Murray, Michael A. J. Rodgers, A. Paul Schaap, Anthony M. Trozzolo and Richard P. Wayne.
