

Conference Announcement

July 22 - 27, 1984: Xth IUPAC Symposium on Photochemistry

The Xth IUPAC Symposium on Photochemistry will be held at the Congress Centre Casino, Interlaken. The conference site is located within walking distance of all hotels and pensions of Interlaken.

The scientific programme will start on Monday, July 23, 1984, and will end on Friday evening, July 27, 1984. It will include the following types of presentation: plenary lectures; short presentations (about ten papers (20 min duration) are scheduled for oral presentation; some will be invited, others will be selected by the organizing committee just before the conference); workshops (there will be at least one workshop on laser photochemistry and its applications (*e.g.* chemical vapour deposition via laser photolysis)); contributed papers (all papers are to be prepared for both poster and abstract presentation).

Abstracts of all plenary lectures, short presentations and contributed papers (posters) should be submitted before April 30, 1984. Accepted abstracts will be reproduced photographically and edited as a collective volume.

Further details and registration forms can be obtained from the following:
