

Announcement: The Grammaticakis–Neumann Award in Photochemistry

The Grammaticakis–Neumann Award in Photochemistry has been given to Dr. Martin Demuth of the Max-Planck-Institut für Strahlenchemie, Mülheim, F.R.G., for “his outstanding contribution to the application of preparative photochemistry in the synthesis of natural products”.

The award was given to Dr. Demuth at the joint meeting of the Gruppo Italiano di Fotochimica and the Swiss Association of Photochemistry and Photophysics, held on September 14 - 16, 1987, in Como.
