### **To *The Journal of Physical Chemistry* Authors and Reviewers**

We thank you for your continued support of JPC.

Please make sure to include the A or B label when giving references to JPC articles published *in 1997 and beyond*. This would save time for readers making use of the articles published in JPC. The assistance of our conscientious reviewers in checking the accuracy of the references to JPC from 1997 forward would also be most appreciated.

Thank you,  
The Editors
